

ROTARY "LADIES' NIGHT"

SCHEDULED FEBRUARY 15

Number of New Members Are Announced—Convention Committee Busy.

Promising one of the most attractive entertainments of the year, the Rotary Club has issued announcements for their annual "Ladies' Night" to be held at Hotel Richmond on February 15.

The "On-to-Norfolk" committee of the club has secured the names of more than one hundred members who are planning to take a trip to the support on April 12-14. This number is being added to at each meeting.

The Boys' Club fostered by the Rotarians began the new year with an increased membership and which has continued to climb daily. There is now on the roll 486 boys and the average daily attendance at the club rooms is 115, not including the visitors. An interesting feature of last week was a wrestling match between Dennis Reed, the champion wrestler of the club, and Eugene McAllister, champion of Church Hill. Dennis, known as the "Fighting Irishman," came out victorious.

New members of the club are Thomas Graham, president Hotel Richmond, Hobart A. Hall, vice-president Hall Optical Co.; T. T. Kinchloe, vice-president and manager Massey Bus Co.; College; Carroll Taylor, president City Ice Delivery Co.; A. L. Tenner, Jr., sales manager Richmond Engineering Company.

FRATERNITIES WILL NOT BE RESTORED IN CAROLINA

Greek Letter Secret Societies Will Not Be Allowed in State Institutions.

COLUMBIA, S. C., Feb. 5.—Possibility of restoration of Greek letter fraternities at South Carolina State institutions was wiped out yesterday, when the House of Representatives continued until next year a bill proposing that the trustees of various institutions be authorized to discontinue the question.

Under the present law college fraternities at State institutions are illegal. At the 1920 session a bill was passed by the House, but rejected by the Senate, giving the trustees authority to act.

12-YEAR-OLD BOY READS 624 WORDS IN ONE MINUTE

Louis Silver, of Raleigh, Believed to Be Fastest Reader for Age in Country.

RALEIGH, N. C., Feb. 5.—Louis Silver, 12 years old, in the seventh grade of the public schools of Raleigh, is believed here to be one of the fastest readers for his age in the country. The little fellow a few days ago having read twelve books of the average number of pages in a single day and declares he could have read several more if "I could have gotten them."

In a test given him by his teacher, Miss Florence Fitzgerald, today, Silver read 624 words in a minute and answered every question correctly when she quizzed him on what he had read. It requires the boy only about thirty to forty minutes to read a book of from 250 to 300 pages. He is a constant visitor to the libraries here, and it is a sorry day when he does not read at least three books. Louis is the son of Joe Silver, a grocer, who came to Raleigh from Russia.

OIL LIGHT BEATS ELECTRIC OR GAS BURNS 94% AIR

A new oil lamp that gives an amazingly brilliant, soft, white light, even better than gas or electricity, has been tested by the U. S. Government and 32 leading universities and found to be superior to ordinary oil lamps. It burns without odor, smoke or noise—no pumping up, is simple, clean, safe. Burns 94% air and 6% common kerosene (coal-oil). The inventor, L. T. Johnson, 14 Washington Place, New York, is offering to send a lamp on 10 days' FREE trial, or even to give one FREE to the first user in each locality who will help him introduce it. Write him today for full particulars. Also ask him to explain how you can get the agency and, without experience or money, make \$250 to \$500 per month. —Adv.

A Thorough Examination of Your Eyes by DR. M. KOEHLER

followed by wearing a pair of his perfectly fitting glasses, insures satisfaction. No drops used.
